# Introduction

## MIT'S Journey

MIT'S Group of Institutions, under the aegis of Vidhya Jyoti Trust, was established in the year 2014 in the area of Higher Education to impart quality education in the field of Engineering & then forayed into regular Degree Courses in the fields of Commerce, Arts & Science in the year 2018 with a motto to provide learning with eminence in every sphere.

Being well recognized in the field of higher education, the next & inevitable step was to percolate its reach to the very foundation of the humanity and this thought developed into the inspiration for establishment of MIT'S International School.

# Vision & Mission

Our Vision at MITS International School is to deliver excellence in the field of education by nurturing self-consciousness and to enable students to choose the righteous path, so that the children of today become the responsible adults of tomorrow.

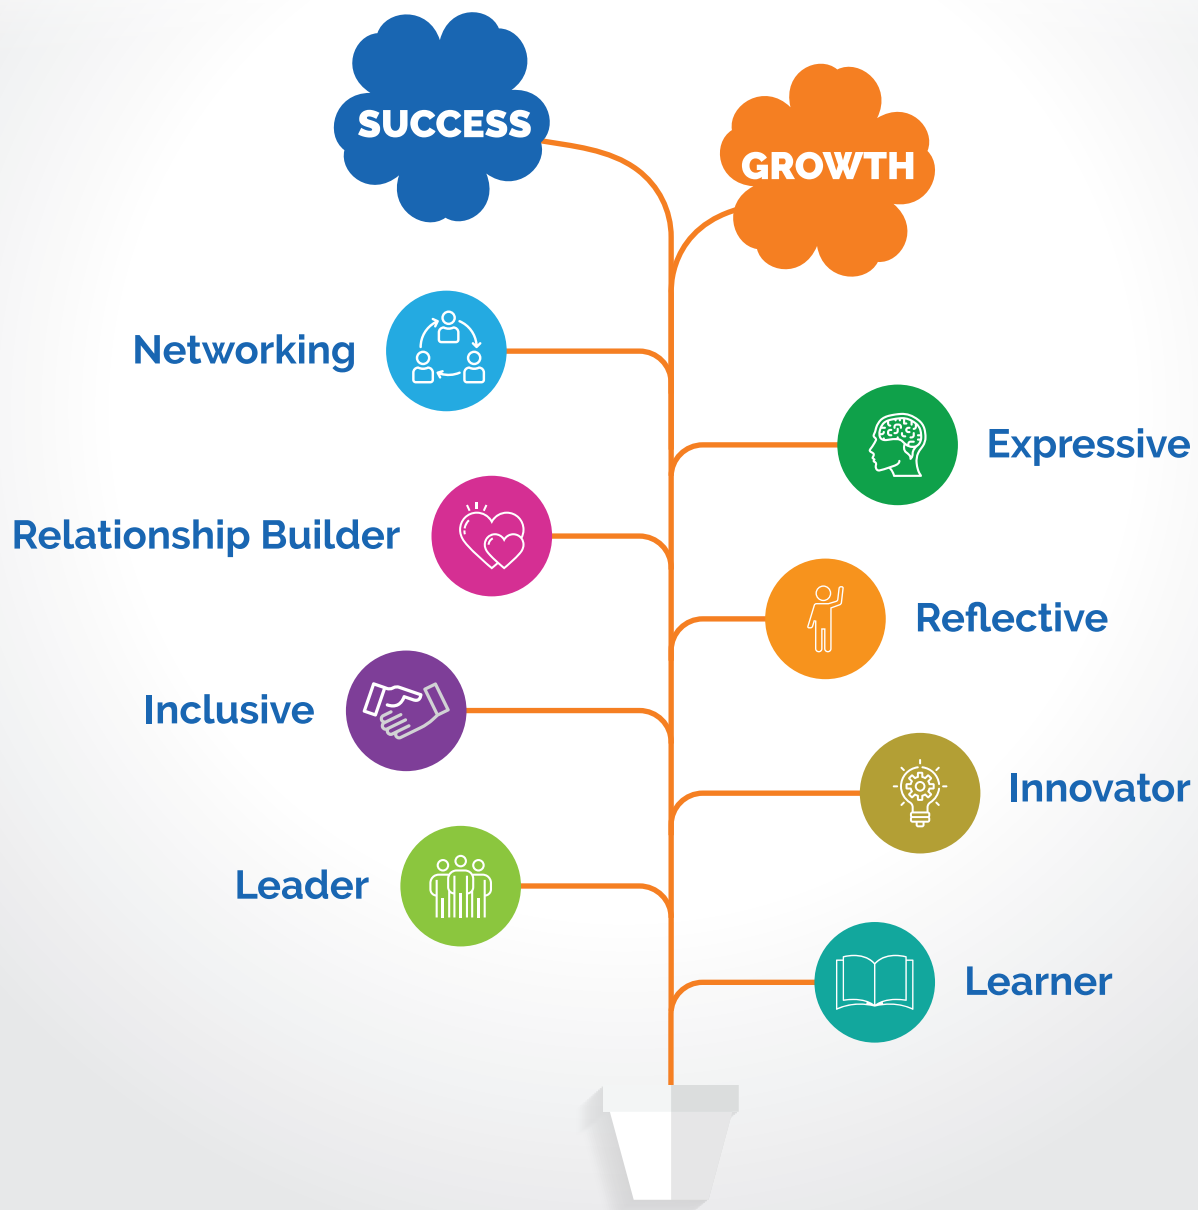

Creating landmarks by imbibing the ethos of humanity, spirituality, culture, education amongst the growing generations is the Mission of MITS International School.

# Education

at MITS

To Ignite the **Imagination** of each Child and assist in achieving full potential of the **Young Mind**

# Why MITS International School ?

**Excellence of MITS**  
Education Legacy

**Safe & Secure**  
Campus

**Safe Secure Transportation**  
Assisted with Attendant

**Holistic Approach for**  
Child Development

**Modern Education with**  
Traditional Values

**Physical & Emotional Development**  
through various Co-Curricular Activities

# Academic Architecture

With the expertise of experienced faculty and staff, the School aims to follow the best teaching practices that develop inquisitiveness in the child, kindle their imagination, ignite exploration and progression of instincts and self-awareness in the young mind. The education system followed is based on two way learning process where the teacher and the student constantly evolve with their abilities of life skills.

The Holistic Academic Architecture emphasizes on seamless integration of regular academic curriculum with subjects like English, Mathematics, Environmental Sciences etc. with Skill Development activities such as Dance, Music, Sports, creating complete individuals, aspiring to achieve excellence in the chosen path.

The performance of the students are being assessed based on CCE i.e. Continuous Comprehensive Evaluation system where daily progress is analyzed based on Worksheets, Projects, Assignments, Presentations etc.

**MITS International School would take Admission in Session 2020-21 for Classes KG - VIII and will follow the CBSE Curriculum**

# Beyond Classroom

Journey of wisdom is traversed with the abilities to be creative, be ethical, develop bonding, be emotionally strong and physically fit, which all comes as part of learning through various activities. Emphasis on co-curricular activities like Dance, Music, Art & Craft, Robotics etc. is all integral part of growing up at MITS International School.

Finding solutions to mathematical problems through well-equipped Math Lab, developing proficiency over verbal expression & presentation through best in class Language Lab are the key features of beyond classroom activities. Developing cognitive Behavioural Skills, Motor Skills, Concept Buildings are some of the key focus areas for pre-primary & primary classes.

Outdoor activities & sports play a major role in building up confidence, self-esteem and mental alertness which are essential part of personality development. Participation in sports activities develop sense of belonging, helps in coordination & team building and most importantly gather the spirit to fight back in life. Keeping all these in mind MITS International School has well equipped sports facilities like Lawn Tennis, Badminton, Volleyball, Basketball, Table Tennis, Football, Cricket etc. for the children, with expert coaches to guide them at every step.
